

# Proud Member of the Pro Bono Honor Roll

**CAIR Coalition**

**Class of 2015**

The Capital Area Immigrants' Rights (CAIR) Coalition works with many volunteer in our efforts to serve the detained immigrant population of the capital area. The strength of services provided to this underserved population would be greatly diminished if not for the attorneys who agree to represent our clients on a pro bono basis. With already busy lives and careers, they find the time to be zealous advocates, friends, mentors, and role models for their immigrant clients.
